

DECLARATION OF CONFORMITY

TERMOLAN ISOLAMENTOS TERMO-ACÚSTICOS, S.A., with headquarters at Avenida de Poldrões, Nr. 10 – 4796-908 VILA DAS AVES – PORTUGAL, declares that:

- All  branded products are composed of the MW TERMOLAN fibres;
- MW TERMOLAN fibres were submitted in January 2012, study nº 02G11020 of  **Fraunhofer** ITEM laboratory, where shown exoneration from classification as a carcinogen;
- The products on the market are regularly checked by chemical analysis in accordance with the tests carried out by an independent laboratory accredited for this purpose.

REGULATION (EC) No. 1272/2008 (repeals Directive 97/69/EG that adapts Directive 67/548/EEC):

“Note Q:

The classification as a carcinogen need not apply if it can be shown that the substance fulfils one of the following conditions:

- *a short-term biopersistence test by inhalation has shown that the fibres longer than 20 µm have a weighted half-life less than 10 days, or*
- *a short-term biopersistence test by intratracheal instillation has shown that the fibres longer than 20 µm have a weighted half-life less than 40 days, or*
- *an appropriate intra-peritoneal test has shown no evidence of excess of carcinogenicity, or*
- *absence of relevant pathogenicity or neoplastic changes in a suitable long-term inhalation test.”*

“Note R:

The classification as a carcinogen need not apply to fibres with a length weighted geometric mean diameter less two standard errors greater than 6 µm.”

Shown at certificate issued by  **Fraunhofer** ITEM laboratory - Germany, which confirms compliance with Regulation (EC) No. 1272/2008 (repeals Directive 97/69/EG that adapts Directive 67/548/EEC).
